ANNUAL REPORT

Session : 2023-24

Govt. Degree College Jawali, Distt. Kangra, (H.P.)-176023

Mahatma Gandhi ji has said, "By education, I mean all-around drawing out of the best in child and man-body, mind and spirit. Literacy is not the end of education, not even the beginning. It is one of the means whereby men and women can be educated. Literacy in itself is no education". With this ideal in mind, on behalf of the staff, CSCA, PTA and students of Govt. Degree College Jawali, I welcome you all on the occasion of Annual Prize Distribution Function of the college for the session 2023-24. I would like to express my gratitude to Prof. K.C. Sharma Ji (Retd. Principal), our chief guest of the day, who has been gracious enough to be present with us on this occasion despite his busy schedule. Sir, your illustrious presence has lent great dignity and charm to this occasion.

I would like to welcome the officials from different departments, educational institutions and other dignitaries, members of PTA, OSA, Nagar Panchayat Jawali and press correspondents from Print & Electronic media. I consider it a great privilege to felicitate and extend a heartiest welcome to all of you on the occasion of Annual Prize Distribution Function of Govt. Degree College, Jawali for the session 2023-24.

Teaching and Learning is a journey in itself and I feel blessed to be a part of this never ending learning process. Nothing can inspire more than the bright and inquisitive eyes of my students. Our college strives to create an environment of active involvement, innate desire to read & discover, and apply it to real life situation. The various activities in the college are designed in such a way so as to make a student discover his own self as well as to develop respect for others and the society as a whole. As a constantly growing institution we combine the best educational practices to transform our students into good citizens of our country.

Annual Prize Distribution Function is an important event for the celebration of achievements of the students and teachers. It is the time for objective evaluation of what has been achieved and what more needs to be achieved for attaining excellence in education. The annual report is not only a milestone of achievements and shortcoming but also measures the future targets and goals for the institution. It is an official document that lists and sums up practically all the details about the institution in the year gone by.

Before presenting the annual report I would like to convey a message to the students of this institution!

"You all are fortunate in receiving education and having an opportunity to understand the phenomena of the world surrounding you. Walking along the roads you would find many kids who might be eager to learn, but either they do not have sufficient finances or are not aware of the benefits of education. You, as educated citizens carry social responsibility to spread literacy among such masses. When each child is literate and has mastered some skills, more hands and brains will join to work towards nation's advancement. Believe in yourself and all that you know that there is something inside you that is greater than any obstacle.
